Transmission cable installation/repair excavations

The above image demonstrates the size of excavations required to undertake the installation/repair of Transmission cables.

This type of cable could very well be at a depth of 1.5 metre, however the cables may be deeper/shallower than 1.5 metre. No excavations to take place around Transmission cables without prior contact with ScottishPower for specialised advice and guidance. To progress a Transmission underground cable/overhead line enquiry contact ScottishPower call centre on 0845 273 4444. Cable record enquiries are to be directed to ScottishPower Data Management section on the telephone number below.

All Cable Record enquiries
should be addressed to:
