United Kingdom

Table of Contents

1 Introduction

Appendix 1.1 Statement of Expertise

2 Approach to EIA

Appendix 2.1 Scoping Opinions

Appendix 2.2 Pre-application Advice

3 Site Selection and Alternatives

Appendix 3.1 Industry Guidance (Routeing and Siting)

Appendix 3.2 SPT Assessment of Alternatives for KINN

4 Description of the Proposed Development

Appendix 4.1 Changes to Project Scope

Appendix 4.2 Electric and Magnetic Fields Fact Sheet

Appendix 4.3 Electric and Magnetic Fields Technical Note

6 Ecology

Appendix 6.1 Method

Appendix 6.2 Great Crested Newts

Appendix 6.3 ECUP-LWUP XL Route Refurb. Ecological Walkover

Appendix 6.4 Habitat Regulations Assessment

7 Landscape and Visual Amenity

Appendix 7.1 Methods

Appendix 7.2 Viewpoint Photography

8 Cultural Heritage and Archaeology

Appendix 8.1 Gazetteer

Appendix 8.2 Site Photography

9 Water Environment

Appendix 9.1 WFD Screening and Scoping

Appendix 9.2 Environmental Authorisation (Scotland) Regulations Licences

11 Traffic & Transport

Appendix 11.1 Traffic and Transport

12 Construction and Operational Noise

12.1 Noise Perception and Terminology

12.2 KINN Baseline Survey Measurement Locations

- 12.3 KINN Proposed Layout
- 12.4 KINN Baseline Survey Measurements
- 12.5 KINN Acoustic Modelling Details
- 12.6 KINN Predicted Internal Noise Levels
- 12.7 OHL Noise Sensitive Receptors
- 12.8 OHL Operational Noise Impact Assessment

15 Summary and Conclusions

- 15.1 SHE Transmission Assessment
