

Key

- Proposed Redshaw Substation
- Proposed Oliver's Forest Wind Farm
- Local Authority Boundaries
- Study area indicating further 5km distance from the proposed OHL routes
- Nodes
- Proposed OHL Route 3a (pink)
- 142 poles theoretically visible
- 1 pole theoretically visible

Note: This ZTV shows the extent of theoretical visibility of the OHL poles (at 18m height).
The ZTV is cut off at 5km from each pole location, the limit at which wood poles are normally perceptible.
This ZTV takes no account of the reduction in wood pole perceptibility provided by hill backdrops.

Landscape Designations and Classifications

- National Scenic Area 28: Upper Tweeddale
- Wild Land Area 2: Talla - Hart Fell
