Condition	Rule	How SPEN Comply
8.1	The licensee must:  (a) establish, or procure the establishment of; and  (b) subsequently operate and maintain, or procure the subsequent operation and maintenance of, an enquiry service, to be known as the Safety and Security of Supplies Enquiry for use by any person for the purpose set out in paragraph 8.2.	This statement demonstrates SP Energy Networks adherence to this licence condition, by operating an enquiry service.  This enquiry service is known as the Safety and Security of Supplies Enquiry Service.
8.2	The purpose of the Safety and Security of Supplies Enquiry Service is to enable any person to receive reports and offer information, guidance, or advice about any matter or incident that:  (a) affects or is likely to affect the maintenance of the security, availability, and quality of service of the licensee's Distribution System; or  (b) arises from or in connection with the operation of, or otherwise relates to, the licensee's Distribution System and causes danger or requires urgent attention, or is likely to cause danger or require urgent attention	If any of our customers have questions regarding the maintenance of the security, availability or quality of service of the electricity network, they can contact us one of our emergency numbers as listed below:  • Freephone National number 105 • For Central & Southern Scotland • 0800 092 9290.  • For Cheshire, Merseyside, N Wales & N Shropshire • 0800 001 5400  Or they can use our online faults and emergency reporting facility, via the SP Energy Networks website.  https://www.spenergynetworks.co.uk/pages/postcode_lookup.aspx  Customers can also use these numbers should they wish to report anything in relation to our electricity network that they feel we should be aware of, or which could be unsafe.
8.3	The Safety and Security of Supplies Enquiry Service must:  (a) be provided without charge by the licensee to the user at the point of use;  (b) ensure that all reports and enquiries (whether made by telephone, in writing, or in person) are processed in a prompt and efficient manner; and	SP Energy Networks provides The Safety and Security of Supplies Enquiry Service free to all customers, and is staffed 24 hours a day, 365 days a year.  Any report or enquiry received by SP Energy Networks (whether made by telephone, in writing, or in person) will be processed in a prompt and efficient manner.

	(c) be available to receive and process telephone reports and enquiries at all times on every day of each year.	
8.4	The licensee must at all times have in force a statement approved by the Authority that sets out, in plain and intelligible language, details of the Safety and Security of Supplies Enquiry Service.	This statement has been approved by the Authority and set out in plain and intelligible language details of the Safety and Security of Supplies Enquiry Service.
8.5	The licensee must:  (a) publish that statement on and make it readily accessible from its Website  (if it has one);  (b) when asked to do so by a Domestic Customer who is blind, partially sighted, deaf, or hearing-impaired, provide the statements in a manner or a format that is suitable for that customer's special communication needs;  (c) when asked to do so, provide to a person whose first language is not English such assistance or advice as will enable that person to understand the contents of the statements; and  (d) give a copy of the statement on request and free of charge to any person.	This statement is published on our website, and is available free of charge, for any customer who requests a copy of it.  We can provide the statement in a manner or a format that is suitable for a customer's communication need, and it can also be translated, upon request, to suit our customers language preference.
8.6	The statement prepared under paragraph 8.5 may, at the licensee's choice, be included in a single document with any or all of the statements referred to in standard condition 9 (Arrangements for access to premises) and standard condition 10 (Special services and complaints procedure).	<ul> <li>This document contains –</li> <li>Licence conditions 8, Safety and Security of Supplies Enquiry Service</li> <li>Licence Condition 9 - Arrangements for access to premises</li> <li>Licence Condition 10 – Special Services</li> </ul>
8.7	The licensee must give the Authority a Notice of any amendments that it proposes to make to the statement in force under paragraph 8.4 and must not make such amendments until either:  (a) a period of one month from the date of that Notice has ended; or	In the event of any amendments we propose to make to the statement, SP Energy Networks will give the Authority notice of such requests and will not make the amendments until a period of one month from the date of that Notice has ended or SP Energy Networks have obtained the Authority's approval to the amendments.

	(b) the licensee has obtained the Authority's approval to the amendments before the end of that period.	
8.8	The licensee must take steps to inform each Authorised Electricity Operator that uses the Safety and Security of Supplies Enquiry Service of any change to the address or telephone number of that service as soon as is practicable but in any event before that change becomes effective.	If we have to change the address or telephone number of the service, SP Energy Networks will take steps to inform each authorised electricity operator (e.g. electricity supplier) which uses the service of the change prior to it becoming effective.
8.9	In establishing, operating, and maintaining the Safety and Security of Supplies Enquiry Service, the licensee must not discriminate between any person or class or classes of persons.	SP Energy Networks will not discriminate between any person or class or classes of persons.

# **Licence Condition 9 - Arrangements for access to premises**

## Standard Licence Condition 10 – Special Services

SP Energy Networks are committed to providing the best possible service to all our customers.

In the event of a power cut, our teams work around the clock to restore electricity as quickly as possible.

We appreciate for some customers this may be particularly distressing and that's why we offer extra support to customers who feel they need our help.

Our aim is to ensure we identify and support those most vulnerable through our Priority Services Register and providing additional support services in collaboration with our partners.

Condition	Rule	How SPEN Comply
10.1	The licensee's obligations under this condition apply in relation to Domestic	SPENs obligations under this condition relate to domestic customers.
	Customers at premises connected to the licensee's Distribution System.	

### 2. Duty to establish and maintain a Priority Services Register

Condition	Rule	How SPEN Comply	
	Duty to establish and maintain a Priority Services Register		
10.2	Establish and maintain a Priority Services Register which contains such details of Priority Services Register Customers	SP Energy Networks holds and maintains a Priority Services Register. The register is open to any customer who wishes to join and feels they may require additional support during a power cut.  The register covers 30 categories of needs across areas such as Medically Dependent Equipment, Safety, Poor Mobility, Age Related, Communications, Health and Temporary support.	
10.3	The licensee must set up and maintain practices and procedures to identify Domestic Customers who may be eligible to become PSR Customers as a result of its customer interactions and offer to add them to the Priority Services Register.	SP Energy Networks identify customers who may benefit from being on the PSR in several ways, including:  1. Customer Contacts – Our Call Centre will ask if there is anyone at the property who is vulnerable and needs additional support as part of our process for all Faults and Emergencies calls and add customers where they wish to join our Priority Services Register.  2. Planned Outages – we will contact each customer effected prior to the outage to understand customer needs & requirements to enable us to support during planned outages and make customers aware of our register.  3. Two-way data flows (D0225) are in place between Distribution Network Operators and Suppliers. Where customers are identified as requiring support they are added to the Priority Services Register. With customer	

consent SP Energy Networks will notify a customer's Supplier to enable their register to be updated. Suppliers will notify SP Energy Network of customers wishing to be added to our register through their consenting processes.

- **4.** Customers can join our Priority Services Register through our website
- **5.** We run annual awareness campaigns to reach customers in the most effective ways across a wide range of methods some examples are radio campaigns, advertising at shopping centres, and transport hubs, social media, awareness through community groups and community events.
- **6.** We work closely with partners and charities representing customer groups to reach customers who may not contact us directly. Arrangements are in place with a network of partner organisations who may identify customers in their day to day work, our partners will support customers in joining our register with their consent
- **7.** We also partner with other Utilities such as Gas and Water to identify customers who could benefit from joining our register with their consent. This is a two-way process.
- **8.** Our staff go into community groups to explain who we are and what we do and promote our Priority Services Register and the other wider support services we offer.

## 3. Duty to give information and advice to PSR Customers

Condition	Rule	How SPEN Comply
	Duty to give information	and advice to PSR Customers
10.5	The licensee must:  (a) when a PSR Customer's name is first added to the Priority Services Register, give that customer (or their representative) appropriate information and advice about what precautions to take and what to do in the event of interruptions in the supply of electricity to the customer's premises;	When a customer is added to our Priority Services Register, we issue a welcome letter which contains all relevant information, including links to our website for safety advice
	(b) when it needs to make a planned interruption in the supply of electricity to a PSR Customer's premises, give that customer (or their representative) such prior advice and information as may be appropriate in relation to that event; and	If we need to make a planned outage, we will contact each customer affected prior to the outage. We will notify customers in advance of the time and duration of the outage and the reason for the work being carried out. We will provide contact details should the customer wish to contact us prior to the outage or on the day of the outage. We will text customers the day before where we hold an up to date number and will in some cases visit customers face to face in advance of the work. Our process aims to identify any additional support required in advance of the outage and identify

any customers who are not registered for Priority Service who would like to join the register.

(c) ensure, so far as is reasonably practicable, that during any unplanned interruption of supply to their premises, PSR customers are promptly notified and kept informed: (i) of the time at which the supply is likely to be restored, and (ii) of any help that may be able to be provided

When an unplanned power cut occurs we will take action to make sure our customers have the most up to date information.

- · Our IVR (Interactive Voice Recording) will be updated to provide customers with information on the incident and the expected restoration time
- Our Postcode Look Up tool will be updated to provide up to date information and this is automatically refreshed every 2 minutes
- Customers on our Priority Services Register are prioritised in the call queue
- Our Customer Service Team will proactively contact PSR customers with personal phone calls prioritising first those who are medically dependent on electricity and those suffering with Dementia.
- Our Customer Service Team will understand the individual needs of customers during these calls and we will work with our field teams, other organisations and partners to deliver the support each customer needs.

10.6 The licensee must provide the information given under paragraph 10.5:

- free of charge to any PSR (a) Customer; and
- (b) when asked to do so by a PSR Customer (or their representative) with additional communication needs (including a visual or hearing impairment), in a manner or a format that is suitable for that customer's additional communication needs.

Customers are not charged for any communications which are available in various formats:

- Large Print
- **Braille**
- Easy Read
- Welsh
- **Text Relay**
- Interpretation Line (Language translation)
- Translation Cards in Field
- All Website information (postcode lookup, fault updates, PSR pages, etc) is available with language translation.

10.11	The licensee must prepare statements, in plain and intelligible language, that set out and explain its arrangements for complying with its obligations under paragraphs 10.2 to 10.10 (including how PSR Customers may become listed on its Priority Services Register).	Our website explains how customers can become listed on our Priority Services Register. We also raise awareness through various annual awareness campaigns aimed directly at customers as well as through partnerships and stakeholders representing customers. Promotional materials and leaflets are used to raise awareness of our register and use national data for the postcode areas in our licences to ensure we are reaching customers who may not actively come directly to us to register. We also promote our register though our operational process when customers have a power cut or when we have planned maintenance on our network.  This statement sets out how we are meeting our obligations under standard licence condition 10.
10.12	In relation to statements prepared under paragraph 10.11, the licensee must:  (a) publish them on and make them readily accessible from its Website (if it has one);  (b) take all reasonable steps to inform Domestic Customers, at least once a year, of the existence of the statements and how to obtain them;  (c) when asked to do so by a Domestic Customer (or their representative) with additional communication needs, provide the statements in a manner or a format that is suitable for that customer's additional communication needs;	This statement is available to download from our website and is available in accessible formats at <a href="https://www.spenergynetworks.co.uk/pages/priority_services_registration_form.aspx">https://www.spenergynetworks.co.uk/pages/priority_services_registration_form.aspx</a> We also take steps to text customers annually to make them aware of this statement.
